

Jenay Strands & Wigs

Head Size Chart

To ensure the perfect fit for your wig unit, please use the chart below. Measure your head with a soft measuring tape, keeping it snug but not too tight. For best results, have your hair braided flat and close to the scalp.

How to Measure:

- 1. Circumference:** Measure around your head, starting at the front hairline, behind the ears, and back to the nape.
- 2. Front to Nape:** From front hairline straight back over the crown to the nape.
- 3. Ear to Ear (Across Forehead):** From one ear, across the hairline, to the other ear.
- 4. Ear to Ear (Over Top):** From the top of one ear, over the crown, to the other ear.
- 5. Temple to Temple (Around Back):** From one temple around the back to the other.
- 6. Nape of Neck:** Across the hairline at the back of your neck.

Size	Circumference	Front to Nape	Ear to Ear (Forehead)	Ear to Ear (Over Top)	Temple to Temple (Back)	Nape
Small	21" – 21.5" (53–54 cm)	13.5" (34 cm)	11.5" (29 cm)	12" (30 cm)	14.5" (37 cm)	5" (13 cm)
Medium (Average)	22" – 22.5" (55–57 cm)	14.5" (37 cm)	12" (30 cm)	12.5" (32 cm)	15" (38 cm)	5.5" (14 cm)
Large	23" – 23.5" (58–60 cm)	15.5" (39 cm)	12.5" (32 cm)	13" (33 cm)	15.5" (39 cm)	6" (15 cm)

■ *Tip: Always double-check your measurements before ordering. For the best fit, book a consultation with Jenay Strands & Wigs.*
